CRediT authorship contribution statement

Archit Singh: Conceptualization, Methodology, Software, Formal analysis, Writing – original draft, Project administration. **Vedant Vadke:** Software, Validation, Investigation. **Rishabh Raushan:** Software, Visualization, Data curation. **Sreevarsh Mahesh Gandhi:** Investigation, Validation, Writing – review & editing.

Code availability

The source code, experiment scripts and cached results are available at https://github.com/Arc-001/twin_turbo.

Acknowledgements

The authors thank NASA's Prognostics Center of Excellence for making the C-MAPSS data publicly available.

Funding

This research did not receive any specific grant from funding agencies in the public, commercial, or not-for-profit sectors.

Declaration of competing interest

The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
